

Getting started with EBSCOhost Mobile

1. How to log into EBSCOhost Mobile?

- Launch the Internet service your from your mobile/smart phone.
- Go to this URL: <http://search.ebscohost.com>
- Log in using the following username and password (case-sensitive):

Username	woulib
Password	ebscomobile

- You can proceed to select database(s) and do searching. The service is basically the same as accessing the database from your PC/Notebook.

2. EBSCOhost Mobile features

- EBSCOhost Mobile has the following features available:
 - i. Basic searching
 - ii. HTML and PDF Full text
 - iii. Search modes
 - iv. Limiters
 - v. Branding
 - vi. Image Collection (depending on the database that has been selected)
 - vii. Image Quick View
 - viii. E-mailing articles
 - ix. Preferences
 - x. Multi-database searching

3. How to download Javascript?

- Your mobile device must have **Javascript enabled** in order to use it. To do so, for example you can download for free the *Opera Mini* mobile browser (which comes with Java application tools) from <http://www.opera.com/mini/> directly to your phone. Opera Mini supports many devices.

Note: For Blackberry users, you can refer to the following link for information on enabling Javascript: http://www.ehow.com/how_4965723_enable-javascript-blackberry.html

4. Frequently Asked Questions

For further information, you can review the EBSCOhost Mobile FAQs from this URL: http://support.epnet.com/knowledge_base/detail.php?id=4431
