

Dear Students

It has been brought to our attention that there are students who have created more than one Turnitin user account. This means that you have several sets of Turnitin username (e-mail address) and password to login. This is not necessary. Having one Turnitin account is sufficient for you to enroll into all your subject classes in every semester. If you are a new user to Turnitin, you only need to do the Create Account process once only. We seek your cooperation to follow this instruction. Thank you.
